DEPARTMENT OF FINANCIAL INSTITUTIONS
SECURITIES DIVISION**

IN THE MATTER OF DETERMINING
Whether there has been a violation of the
Securities Act of Washington by:

NEXO INC;
NEXO CAPITAL INC;
ANTONI TRENCHER,

Respondents.

Order No. S-21-3225-22-SC01

STATEMENT OF CHARGES AND NOTICE OF
INTENT TO ENTER ORDER TO CEASE AND DESIST,
TO IMPOSE A FINE, AND TO CHARGE COSTS

THE STATE OF WASHINGTON TO:

**Nexo Inc.
Nexo Capital Inc.
Antoni Trencher**

STATEMENT OF CHARGES

Please take notice that the Securities Administrator of the state of Washington has reason to believe that Respondents Nexo Inc., Nexo Capital Inc., and Antoni Trencher violated the Securities Act of Washington. The Securities Administrator believes these violations justify the entry of an order against Respondents Nexo Inc., Nexo Capital Inc., and Antoni Trencher to cease and desist from such violations, to impose a fine, and to charge costs pursuant to RCW 21.20.390 and RCW 21.20.395. The Securities Administrator finds as follows:

TENTATIVE FINDINGS OF FACT

Respondents

1. Nexo Inc. is a Cayman Islands corporation formed in 2018. Nexo Inc. wholly owns Nexo Capital, Inc. Nexo Inc. is part of the Nexo Group, which includes entities organized primarily in European jurisdictions. Nexo Inc. is not registered to do business in Washington and is not registered with the Securities Division in any capacity.

2. Nexo Capital Inc. (“Nexo Capital”) is a Cayman Islands corporation formed in 2018 with its principal place of business in Grand Cayman, Cayman Islands. Nexo Capital is part of the Nexo Group. Nexo Capital is not registered to do business in Washington and is not registered with the Securities Division in any capacity.

3. Antoni Trenchev is a co-founder and Managing Partner of the Nexo Group and a director and manager of certain companies within the Nexo Group, including Nexo Capital. Antoni Trenchev is responsible for supervising day-to-day business activities of the Nexo Group companies, including ensuring their compliance with applicable legislation, rules, and regulations. Antoni Trenchev is not registered with the Securities Division in any capacity.

4. The above-named entities and individuals will be collectively referred to in this Statement of Charges as “Nexo.” Nexo provides virtual currency-related financial services to retail and institutional borrowers in the United States, including trading, borrowing, and lending services. Nexo conducts its business on its public website accessible at <http://www.nexo.io/> and through the Nexo mobile application.

Nature of the Conduct

Overview

5. Between about June 17, 2020, to the present, Nexo has offered and sold their Earn Interest Product (“EIP”) to new and/or existing Washington investors. The EIP enables investors to passively earn interest by loaning certain digital assets (“Eligible Earn Assets”) to Nexo. Nexo’s EIP investors have no part in selecting, monitoring, or reviewing the revenue-generating activities that Nexo utilizes to earn this interest.

6. As of July 31, 2022, there were 2368 Washington EIP accounts earning interest with a total Washington EIP savings wallet value of \$32,740,000. Nationally, there were 93,318 EIP accounts earning interest with a total EIP savings wallet value of \$800,260,000.

7. Nexo has promoted their financial services, including the EIP, to Washington investors primarily through their website at <http://www.nexo.io/> and their mobile Nexo app. On its website, Nexo has provided information about its EIP and a list of supported virtual currencies and their corresponding interest rates. Nexo additionally has promoted the EIP on social media through various platforms including Twitter, Instagram, and YouTube. Through Nexo's website, blog, and social media accounts, Nexo has represented interest rates on these EIP accounts of up to 36%, significantly higher than the rates offered for short-term, investment grade, fixed-income securities or for bank savings accounts.

8. In offering its EIP, Nexo has failed to disclose material information about the investment, including, but not limited to, Nexo's EIP interest generation deployment activities, Nexo's legal and regulatory compliance in Washington, and the limitations of Nexo's financial representations.

Nexo Earn Interest Product

9. Nexo has allowed, with certain limitations, anyone either 18 years or older, depending on the jurisdiction, to open a Nexo EIP account and access Nexo wallet services. When opening a Nexo account, an investor will go through several user identity-verification protocols, including, at a minimum, the provision of an investor's legal name, date of birth, and address. An investor will then transfer fiat currency (EUR, GBP, and USD) from a bank account to their Nexo account. Investors can also add cryptocurrency to their Nexo wallet by transferring assets from another crypto exchange or wallet.

10. Nexo ceased offering its EIP to new investors in Washington after August 2, 2021, after the Securities Division's regulatory inquiry into Nexo's business. From approximately August 2, 2021, until approximately February 19, 2022, existing Washington investors could deposit additional fiat currency and cryptocurrency into their existing EIP accounts and could continue to earn interest on their invested EIP Eligible Earn Assets. Thereafter on February 19, 2022, Nexo disallowed any US investors who had not yet

opened a Nexo Account from opening an EIP savings wallet. Also on February 19, 2022, Nexo disallowed any existing US investors from adding additional assets into their existing EIP savings wallets.

11. In Nexo's EIP, an investor agrees to invest their Eligible Earn Assets with Nexo, in exchange for passively earning interest that is deposited into the investor's EIP savings wallet. EIP investors begin accruing interest 24 hours after investing Eligible Earn Assets with Nexo.

12. Nexo has offered their EIP in the form of either a Flex EIP Savings Wallet Term ("Flex Term Investment") or a Fixed EIP Savings Wallet Term ("Fixed Term Investment"). Interest from an investor's Eligible Earn Assets is credited to an investor's EIP savings wallets either at the expiration of the Fixed Term Investment, or daily for a Flex Term Investment.

13. For a Flex Term Investment, there is no required "holding" time for an investor to lend their Eligible Earn Assets, and these investors are able to withdraw their Eligible Earn Assets at any time subject to the terms and conditions of a Nexo wallet.

14. For a Fixed Term Investment, investors are unable to withdraw their Eligible Earn Assets for the duration of a defined term. When investing in a Fixed Term Investment, an investor can elect to utilize Nexo's "automatic renewal" feature to rollover their investment at the end of the defined term.

15. The interest rate Nexo pays an investor on their invested Eligible Earn Assets is determined by several factors, including the length of the Eligible Earn Assets loan, the type of cryptocurrency loaned, and whether the investor has a Flex Term Investment or a Fixed Term Investment. Generally, the longer that an investor agrees to maintain their Eligible Earn Assets with Nexo, the higher the rate of return.

16. After February 19, 2022, while Nexo disallowed additional deposits into existing EIP savings wallets, Nexo continued to allow existing Washington investors enrolled in a Fixed Term Investment to rollover their EIP Eligible Earn Assets into a new Fixed Term Investment.

Deployment and Income-Generating Activities

17. In accordance with the EIP terms and conditions, the EIP savings wallet interest rate is subject to revision from time to time, at Nexo's sole and absolute discretion. Included in the EIP terms and conditions, investors are required to acknowledge that they:

...understand and agree that we [Nexo] might convert, pledge, re-pledge, hypothecate, rehypothecate, sell, lend, or otherwise transfer, dispose of or use any amount of any Digital Assets in regard to which you use the Nexo Earn Interest Product, separately or together with other property, and for any period of time, and without retaining in our [Nexo's] possession and/or control for delivery a like amount thereof or any other assets, at our [Nexo's] sole and absolute discretion.

As such, any profit earned by Nexo investors is earned solely through the efforts of Nexo with means determined solely by Nexo.

18. Nexo groups and deploys investor Eligible Earn Assets with other investors' Eligible Earn Assets and similar, Nexo-owned assets (e.g., Eligible Earn Bitcoin Assets with other Nexo-owned Bitcoin assets). To earn income to pay interest to EIP investors, Nexo engages in deployment activities including the staking, lending, arbitrage, and provision of liquidity on certain decentralized finance platforms, in addition to the lending of aggregated investor Eligible Earn Assets to retail and institutional borrowers.

Material Misrepresentations and Omissions in Offer and Sale of EIPs

EIP Interest Generation Representations

19. In offering the EIP to Washington investors, Nexo has failed to disclose material information related to interest generation. These omissions include, but are not limited to, the types of trading and investment activities that Nexo engages in while utilizing EIP Eligible Earn Assets, the identities and

1 creditworthiness of those who borrow EIP Eligible Earn Assets, and the amount of EIP Eligible Earn Assets
2 used in each income-generating activity.

3 20. Nexo has failed to disclose its lending agreements or the terms contained therein to EIP
4 investors, and as such, Nexo's EIP investors are not provided with information as to whom Nexo's
5 institutional lending partners are, how long the term loan is, or whether these loans are over-collateralized,
6 despite Nexo's assurances that all loans are provided in an over-collateralized fashion. Consequently, Nexo
7 EIP investors cannot adequately evaluate the risk associated with their participation in the EIP prior to
8 investing their Eligible Earn Assets with Nexo.

9 *Legal and Regulatory Compliance Representations*

10 21. In offering the EIP to Washington investors, Nexo has failed to disclose material information
11 related to Nexo's regulatory compliance as it pertains to the EIP offering.

12 22. Nexo's website represents to EIP investors that "Nexo has gone the extra mile in ensuring
13 compliance with the applicable regulatory frameworks. Together with our top-tier legal counsel and
14 engaging proactively with the regulatory decision-makers we ensure the sustainability of our products for
15 years to come."

16 23. Concurrently, Nexo makes the following statements on its website: "The Nexo Group has
17 legal entities in various locations throughout the world...and is in compliance with all applicable global and
18 local regulations...rest assured that Nexo is compliant everywhere it provides services and retains top-tier
19 legal counsels in the jurisdictions of its operation." Further, within the footer of Nexo's website, Nexo
20 displays the phrase "Licensed & Regulated Digital Assets Institution."

21 24. Through these representations, Nexo gives investors the impression that their investments are
22 less risky. On or about June 30, 2021, Nexo Co-Founder Trenchev appeared on a Yahoo Finance Live
23 broadcast titled, "Crypto-focused banking: Nexo Co-Founder discusses his company's growth and business

1 model.” On this broadcast, Trenchev stated that he “would argue, from a financial perspective... that [Nexo
2 is] safer, especially for the larger clients, than your average bank.” On July 1, 2021, Nexo re-posted this
3 broadcast to its YouTube channel, and re-named it, “Nexo is Safer than your Average Bank...”

4 25. Nexo Capital is the entity that operates Nexo’s website and conducts the EIP offering. This
5 is not disclosed on the website; instead, the website often uses the name “Nexo” without further
6 clarification. Of the licenses and registrations identified on Nexo’s website, Nexo Capital only held one—
7 a money service business registration license in Canada. Notably, none of the Nexo respondents hold
8 licenses in Washington. Further, the Nexo respondents do not hold any securities licenses.

9 26. As such, Nexo: 1) fails to specify Nexo Capital as the operator of the website and provider of
10 the services offered therein; 2) lists the licenses of one or more entities that are not actually doing business
11 in the relevant jurisdictions and that are not conducting the business offered and provided through the
12 website on which the licenses and registrations are listed; and 3) makes the false statement that the Nexo
13 Group is in compliance with “all applicable ... regulations.”

14 *Financial Representations*

15 27. In offering the EIP to Washington investors, Nexo has failed to disclose material information
16 related to Nexo’s financial representations as they pertain to the EIP offering.

17 28. Nexo represents on its website and through the Nexo YouTube video, “How to Earn Crypto
18 Interest,” that an investor’s Eligible Earn Assets are secured at all times by Nexo’s asset-backed portfolio
19 of over-collateralized loans. Nexo also states that the platform lends to individuals and institutions only on
20 an over-collateralized basis, which is, in part, how Nexo states that they keep EIP interest rates consistent
21 over time and “basically eliminate counter party risk.”
22
23

1 29. Further, on or about June 10, 2021, Nexo advertised a forthcoming “real-time audit” of Nexo’s
 2 custodial assets by Armanino LLP,¹ which they represented would show that the company’s assets exceed
 3 liabilities. In a Dailyhodl article published on June 10, 2021, Antoni Trenchev stated, “We are happy to
 4 have opened our books to allow Armanino...to verify that our company’s assets exceed liabilities at all
 5 times and demonstrate how seriously we treat Nexo’s commitments to our customers.”

6 30. In a Nexo blog post published on September 23, 2021, Nexo presented the Armanino report,
 7 which purports to offers a “real-time audit of Nexo’s custodial assets, showing the company’s assets always
 8 exceed liabilities.” This Armanino report is updated daily and Nexo claims that it provides the following
 9 assurances: 1) “Fully Backed: Your holdings on Nexo’s platform are backed by assets by more than 100%”;
 10 2) “Properly Managed: Third-party assurance that your funds on the Nexo platform are properly managed
 11 and accounted for”; and 3) “Always Available: 24/7 proof of Nexo’s ability to meet all liabilities owed to
 12 you at any time.” This Armanino report is publicly available online at [https://real-time-](https://real-time-attest.trustexplorer.io/nexo)
 13 [attest.trustexplorer.io/nexo](https://real-time-attest.trustexplorer.io/nexo).

14 31. More recently, as a response to a competing cryptocurrency firm freezing customer
 15 withdrawals on June 12, 2022, Nexo’s Twitter account tweeted:

16 All Nexo products are operating normally – Borrow, Earn, Exchange...Nexo is the first
 17 and only blockchain finance company to have a real-time audit of its custodial assets,
 18 showing that the company’s assets exceed its liabilities at all times which attests to
 19 Nexo’s liquidity and ability to meet all of its obligations...Nexo is in a solid liquidity
 20 and equity position to readily acquire any remaining qualifying assets of Celsius, mainly
 21 their collateralized loan portfolio....

22
 23 ¹ Armanino LLP is a Public Company Accounting Oversight Board (“PCOAB”) – certified auditor, accounting and consulting
 firm in the US.

1 Nexo provided a link to their real-time attestation Armanino report within the body of this tweet.

2 32. Nexo's provision of the Armanino report in conjunction with these claims of financial stability
3 gives the appearance that the Armanino report can support Nexo's claims of financial stability in a turbulent
4 market.

5 33. Despite representations by Nexo, the data and figures set forth in the Armanino report contain
6 several material shortcomings, as described in the report's Agreed Upon Procedures, that limit the report's
7 ability to provide assurances of Nexo's financial stability. These limitations include 1) a failure to identify
8 non-Customer Liabilities; 2) a failure to identify whether Customer Liabilities include the collateral that
9 Nexo holds for over-collateralized retail loans; 3) a failure to identify the liquidity of Nexo's assets; 4) a
10 failure to identify doubtful loan accounts (e.g. a distressed or non-paying borrower accounts); and 5) a
11 failure to identify whether Nexo's deposit liabilities are secured or otherwise collateralized by Nexo's
12 assets.

13 34. As such, this report is of limited value and cannot be used to support Nexo's claims that
14 "Nexo's assets exceed their liabilities by more than 100%".

15 **Need For Further Investigation**

16 35. The Securities Division is continuing to investigate the matter alleged herein to determine the
17 full extent of the violations of the Securities Act that have occurred in this matter. The Securities Division
18 may amend this Statement of Charges in the future to reflect any additional factual allegations and/or
19 violations as a result of the continuing investigation.

20 **Registration Status**

21 36. Nexo Inc. is not currently registered to sell its securities in the state of Washington and has
22 not previously been so registered, nor has it filed a claim of exemption from registration.
23

38. Antoni Trenchev is not currently registered as a securities salesperson or broker-dealer in the state of Washington and has not previously been so registered.
